Business need		AC	Comments
BN-1	As capacity4dev , we want to update the restricted Group options , so that users can easily select an organisation	<ul style="list-style-type: none">Remove the display of existing organisationsDisplay 'select an organisation:'add a drop-down selector with the possibility to select multiple organisations<ul style="list-style-type: none">the list should be displayed in alphabetical orderselected items should be displayed when selected	Medium priority preview to come

Group access *

☐ Public

All users may view public content from this Group. Users must request to join this Group.

☒ Restricted

Define by organisation and/or email domain what users can view this Group. Only members can post content to the Group.

Allow users to access this Group by their organisation

Select an organisation:

- ☐ EU
- ☒ European Commission
- ☒ European External Action Service
- ☐ European Parliament

European Commission ✕

European External Action Service ✕

Users belonging to these organisations will have access to this Group. Users must request to join this Group.

Allow users to access this Group by their email domain

ec.europa.eu eeas.europa.eu ext.ec.europa.eu ext.eeas.europa.eu supporting-democracy.eu media4democracy.eu

Users registered to the platform with an email domain in this list will have access to this Group. Users must request to join this Group. Add one or more email domains. The email domain is the part of the email address after the @. Example: add gmail.com to allow users with an email address like jane.doo@gmail.com.
